Marygrove College

HONORS OPTION AGREEMENT

Student Name _____ Student ID _____

Course _____
Department Course Number Section

Course Title _____ Instructor _____

Semester Fall Winter Summer 20____

I. Courses designed with an Honors Option component require Honors students to fulfill all the requirements and expectations of the standard syllabus of a course taken for Honors Option credit, and perform specific additional work beyond the standard curriculum. Such work should:

- Demonstrate initiative beyond syllabus expectations;
- Display originality in handling subject matter;
- Produce a tangible, demonstrable outcome beyond stated expectations;
- Incorporate a process of extended inquiry and/or independent research.

II. Project Title:

III. Indicate below (or on attached sheets) the specific requirements to be completed by student to earn Honors credit (e.g., supplementary readings, reports, or projects; attendance at appropriate related educational activities; independent research or self-instruction; classroom or professional presentations or performances):

IV. The course grade for this student will be calculated as follows:
